

Palladium® Immediate Annuity Series

PALLADIUM® SINGLE PREMIUM IMMEDIATE ANNUITY

PALLADIUM® SINGLE PREMIUM IMMEDIATE ANNUITY-NY

Securing Income for Your Needs

One of the major fears we face today is outliving our income. People are living longer than ever, and we all hope we are lucky enough to be a part of that trend. But at the back of our mind, we think, “I may have income today, but what about tomorrow? Will my income last as long as I do?”

American National's Palladium® Single Premium Immediate Annuity Series (SPIA), allows you to convert a lump sum into a steady stream of guaranteed annuity payments, providing a guaranteed income for as long as you need it.

You may want to direct payments from your immediate annuity to a particular need, such as funding long-term care coverage or special education needs of a family member. You could also direct the annuity payments to pay insurance premiums, guaranteeing that valuable coverage will be available when you need it. You could even use the annuity payments to fund a gift to a favorite organization or charity.

Choosing Your Income

Palladium® SPIA will provide a guaranteed income based on a number of choices you make: the amount of the premium you pay, how long and how often you choose to receive the income, additional options available in the annuity, such as a cost of living adjustment, and the rate that is in effect at the time you purchase the annuity.

You could choose to purchase an immediate annuity as a way to receive regularly scheduled income payments from a retirement package, investment proceeds, court-awarded benefits, or other lump-sum funds. You also choose how often you want to receive income payments, whether monthly, quarterly, semiannually or annually, and whether you want to receive them for a specific period of time or for life. You can also choose to share the income payments with a spouse, or perhaps provide income payments to a spouse after you die. There are many income options – the choice is yours.

Tax-Advantaged Income

Spreading taxable income over a number of years through an immediate annuity may also help you manage your tax liability. If you purchase an annuity with non-qualified funds, meaning that no part of the funds have enjoyed any tax-deferred status and on which you have already paid taxes, a part of the income you would receive from the immediate annuity would be excluded from taxation since it is considered a return of your previously taxed funds.¹

Cost of Living Adjustment (COLA)

The Cost of Living Adjustment is an additional option that can be added to most of the available income options at the time of application. The purpose of the COLA is to allow your SPIA income payments to increase annually alongside increasing costs of living as you age.

Palladium® SPIA offers a 3% compounding COLA. This means that your income payment will automatically increase by 3% each year, compounded annually. The amount of the initial income received under a payment option with a COLA would be less than a payment option without the COLA. However, you should consider the value of the income received over the time expected to receive the payments, and you may find that the guaranteed increase in the annual income payments is worth the smaller initial payout.

The COLA is not available on the Life with Cash Refund or Life with Installment Refund income options.

Income Options

<p>Period Certain</p>	<p>Receive income payments for a specific number of years, ranging from 5 to 30 years. If you should die before you receive income for the full period you selected, income payments would continue to be paid to your beneficiary for the remainder of the period. However, your beneficiary may elect, in lieu of continuing to receive income payments, a lump-sum death benefit. The lump sum death benefit would be equal to the commuted value of the remaining income payments.</p>
<p>Single Life Options</p>	<p>Life Only Income This income option guarantees that you will receive income for your life. No minimum number of years is guaranteed. The income payments cease upon your death.</p> <p>Life With a Period Certain This option gives you a guaranteed income for your life, with a further guarantee that the income will at least be paid a certain number of years that you choose, ranging from 5 to 20 years. If you die before the end of the guarantee period you have chosen, the guaranteed income would be paid to the beneficiary of your choice for the number of years remaining in the guarantee period, or the beneficiary can elect to receive the commuted value.</p>
<p>Joint Life Options</p>	<p>Joint to Survivor This income option would provide guaranteed income while both annuitants are alive, but upon either annuitant's death, the survivor would continue to receive a portion of those income payments in the percentage you've chosen, such as 50%, 60%, 66.67%, 75%, or even 100%, for the remainder of their life.</p> <p>Joint to Survivor With Period Certain This is similar to joint and last survivor except you also choose a period between 5 to 20 years as the guarantee period (period certain) for the income payments to be made to either survivor. Upon the death of either annuitant and after the guarantee period, the income payment would then continue to the surviving annuitant for the specific percentage you chose. Payments would cease upon the death of the surviving annuitant if the guarantee period has expired.</p> <p>Joint to Spouse With this income option, the payments depend on which spouse dies first. 100% of the payment is paid while the primary annuitant is alive. If the primary annuitant dies first, the payment is reduced to 50%, 60%, 66.67%, or 75% or remains as 100% (percentage chosen at issue). If the spouse who is the secondary annuitant dies first, payments remain at 100%. Payments cease upon the second death.</p> <p>Joint to Spouse With Period Certain This is similar to the Joint to Spouse option except that you would also choose a guarantee period (period certain) between 5 to 20 years as the time you wish income payments to be made to you or your spouse. The payments continue at 100% for the certain period chosen. After this period has ended, payments are adjusted as needed if one or both annuitants have died.</p>
<p>Refund Options</p>	<p>Installment Refund Under this option, guaranteed income would be paid during your lifetime, but if you should die before the income paid to you equals the initial premium you paid, income payments would continue to your beneficiary until the amount of the income payments equals the initial premium paid.</p> <p>Cash Refund This option is similar to the installment refund option, except that if you should die before the income paid to you equals the initial premium you paid, the balance would be paid to your beneficiary in a lump-sum.</p> <p>The Cost of Living Adjustment (COLA) is not available with either of the above refund income options.</p>

Hypothetical Example

What Could a \$250,000 SPIA Pay?

The amount you can expect to receive each month will depend on prevailing interest rates and the options you choose.

Single Life

Male, age 67

Life Only: payment guaranteed until death

\$1,455.52 monthly

Life with 10 Year Period Certain: payment until death, with 10-year minimum guarantee

\$1,434.54 monthly

Cash Refund: payment guaranteed for life with any remaining initial premium paid to beneficiary at death

\$1,357.19 monthly

Joint Life

Male, age 67 | Female, age 67

Joint to Spouse: 100% payment guaranteed until both deaths

\$1,253.25 monthly

Joint to Spouse With 10-Year Period Certain: 100% payment until both deaths, with 10-year minimum guarantee

\$1,256.09 monthly

Unexpected Changes

Although you may purchase the Palladium® SPIA for the security of receiving guaranteed income payments, you may find after a period of time that you need a lump-sum instead of regular income payments. If this unexpected cash need arises, the Palladium® SPIA has options that may help.

<p>Partial Withdrawal</p>	<p>If only a portion of your annuity funds is needed, you may request a partial withdrawal after your annuity has been in force for three full contract years. This partial withdrawal is available on all options. You can request the partial withdrawal, beginning in the fourth contract year, up to 10% of the commuted value without underwriting. You must withdraw at least \$2,000 and a commutation charge will be assessed on the commuted value withdrawn.</p> <p>If you request more than 10% of the commuted value of your annuity, underwriting may be required at the time the withdrawal is requested. This may affect the calculation of the commuted value.</p> <p>After you withdraw the funds, the future income payments will be adjusted based on your age at the time of the withdrawal. You will have to surrender your old annuity contract, and American National will issue a new contract with a new income payment schedule.</p> <p>New York: If you elected a life contingent annuity benefit plan, you may request one partial withdrawal over the lifetime of your contract for an amount up to 10% of the contracts commuted value, reduced by any applicable commutation charge. Subsequent requests for partial withdrawals are not allowed.</p>
<p>Full Surrender</p>	<p>If you require a large sum, you may need to consider a full surrender of the remaining balance in your annuity. This option is available to you after your annuity has been in force for three full contract years. As with a partial withdrawal, a commutation charge will be assessed on the commuted value of your contract, and if your annuity has a life option, underwriting may be required at the time you request surrender. This may affect our calculation of the commuted value.</p>
<p>Commuted Value</p>	<p>Commuted Value refers to the present day value of an annuity after annuity payouts have begun. All withdrawal and surrender amounts are determined as the present value of future annuity payments using our current SPIA pricing rates plus .50%. Remaining life expectancy and period certain is also considered if underwriting is required at the time the partial withdrawal or full surrender is requested. A commutation charge is then assessed on the commuted value withdrawn.</p>

Commutation Charge

If you request either a partial withdrawal or full surrender of your annuity, a commutation charge will be assessed as follows:

Year	1	2	3	4	5	6	7	8	9	10	11+
	Not Permitted			10%	9%	7%	5%	4%	3%	2%	0%

New York Commutation Charge Schedule:

Year	1	2	3	4	5	6	7	8	9	10	11+
	Not Permitted			8%	7%	6%	5%	4%	3%	2%	0%

Partial withdrawal or full surrender is not allowed in the first three contract years.

Before considering either a partial withdrawal or full surrender of your contract, you may wish to consider other sources for needed funds because of the charges associated with these options, the decrease or loss of future income, and the negative effect on the possible death benefit payable on period certain income options.

Overview

Issue Ages	0–90 (period certain only) 5–90 (life-contingent income options)
Minimum Single Premium	\$15,000 (non-qualified funds) \$3,500 (qualified funds)
Income Payment Frequency	Annual, Semiannual, Quarterly, and Monthly
Income Payment Options	<ul style="list-style-type: none"> • Life only • Period certain from 5–30 years • Life with a period certain from 5–20 years • Joint & last survivor with 50%, 60%, 66.67%, 75%, or 100% paid to the survivor, with or without a period certain period of 5–20 years • Joint & spouse with 50%, 60%, 66.67%, 75%, or 100% paid to the spouse with or without a period certain of 5–20 years • Installment refund • Cash refund
Cost of Living Adjustment	Compound annual interest adjustments of 3% are available on all income options except installment refund and cash refund.
Death Benefit	Available on most options. Allows income payments to continue under the terms of the contract or the receipt of a commuted value.
Partial Withdrawals	Available after three full contract years, for up to 10% of commuted value without underwriting, on all life-contingent options. Minimum withdrawal amount is \$2,000.
Full Surrender	Allowed on all income options after three full contract years. Underwriting may be required on life-contingent options.

1) Neither American National nor its agents give tax or legal advice. Clients should contact their attorney or tax advisor on their specific situation.

The interest rate used to determine the death benefit's commuted value will vary by state. A commutation charge will also be assessed on partial withdrawals and full surrenders of a commuted value.

The purchase of an immediate annuity is permanent other than the conditions mentioned for partial or full surrender options and commuted value. The annuity owner will no longer have access to the premium, which converts into a stream of income payments. The terms of the annuity, such as the choice of income payment option, payment amounts and timing, and the rates of return cannot be changed.
